

Kate Davies

Chief Operating Officer

Biography

Kate Davies joined the Energy & Utility Skills Group in 2013 as Operations Director and in 2015 was appointed as Chief Operating Officer.

As an Executive Director, Kate has responsibility for operational delivery of our services across the organisation as well as strategically enabling a streamlined and integrated approach to resource deployment ensuring the right organisational returns and business performance is achieved.

With over 20 years' professional talent sourcing and solutions sector experience, Kate is a highly skilled Operations Director, experienced in leading all levels of the professional workforce solutions industry. In Kate's previous roles, she has been responsible for a vast range of innovative operational solutions, from business development and implementation, to operational management and change programme directorship, including setting up new teams and growing and re-engineering existing operations. Kate also brings expertise in transformational change and project management, in particular leading efficiency projects to drive new behaviours and results in the business.

Prior to joining the EU Skills Group, Kate was Recruitment Process Outsourcing (RPO) Solutions and Operations Director at ManpowerGroup Solutions where she was part of the global leadership team and responsible for the development of outcome-based, talent-driven solutions across Europe. Kate has also held a number of board level positions in the UK, the Netherlands and across Europe at Experis UK & Ireland and Elan IT where she was responsible for the design and development of innovative workforce solutions and driving best practice and change programmes.
